WORK EXPERIENCE

SUITE42 | SDE-II

Bengaluru | April 2023 – Present

- Led FMCG Marketplace app development, launching on Google Play and Apple App Store, boosting market reach and user engagement.
- Engineered internal tools (Finance Portal, Salesperson Tracking) for streamlined operations and improved team efficiency.
- Utilized Bloc and GetX patterns to optimize code structure, ensuring maintainability and scalability.
- Implemented critical features like location services, Google Maps integration, notifications, and animations, enhancing user experience.
- App links : **Android** and **IOS**

SUITE42 | SDE-I

Bengaluru | August 2022 – April 2023

- Contributed significantly to core software components, gaining foundational software engineering experience.
- Collaborated with cross-functional teams to deliver high-quality software solutions.

BRIGHTLIGHT HEALTH INC | MOBILE APPLICATION DEVELOPER (CONTRACT) Canada (Remote) | March 2021 – November 2021

- Developed feature-rich mobile apps for iOS and Android using Flutter and GetX, adhering to MVC pattern.
- Integrated authentication, charts, real-time chat, AI chatbots, and push notifications and RESTful APIs.
- Ensured precise UI implementation from Figma designs, resulting in a seamless user experience.
- App links : **Android** and **IOS**

COGNIZANT | PROGRAMMER ANALYST TRAINEE

Remote | October 2021 - August 2022

- Used IBM Operational Decision Manager (ODM) to design and implement intricate business rules.
- Proficiently resolved bugs and issues, particularly focusing on pure JavaScript code, ensuring seamless functionality.

PROJECTS

COURSAG

FLUTTER, DART, PYTHON, SELENIUM, WEB SCRAPING

- Developed a course aggregator platform to view and sort courses from different providers.
- Scraped different courses using selenium and scrapy from providers like Udemy, Udacity and Coursera
- Implemented the backend using Firebase & python.

SKILLS

Languages: Dart, Python, Javascript, Html, CSS

Frameworks: Flutter, NodeJs, Express

State Management: GetX, Riverpod, Provider, Bloc

Technology: Git, Firebase, MongoDB, Redis, RESTful API, JSON
